

Lend your voice to the co-design of Post Suicide Support Services for regional, rural, metropolitan and remote NSW.

### What is the co-design of NSW Post Suicide Support Services?

As part of the NSW Strategic Framework for Suicide Prevention 2018-2023, Roses in the Ocean is excited to be partnering with StandBy Support After Suicide, Jesuit Social Services and the University of New England to bring together voices and perspectives of people who have been bereaved or impacted by suicide to inform and develop existing services and new support services across NSW.

There are two distinct co-design processes for this initiative. The first is a statewide co-design being delivered across February and March 2021, the second is a series of local workshops; please see below for details. If you would like further information about this initiative, please click [here](#).

We invite people who have been bereaved through suicide and who work with and support people who are bereaved by suicide to participate in a statewide co-design of the NSW Post Suicide Support services by attending a locally facilitated workshop in the Bateman's Bay region.

#### Details about the Bateman's Bay workshop:

**Date:** Wednesday March 24th

**Time:** 8:30am-3pm

**Location:** Bateman's Bay -  
venue to be confirmed

If you have a lived experience of being bereaved through suicide, please register your interest in attending this workshop by completing this online [Expression of Interest](#).

We encourage you to read '[My readiness to be involved in suicide prevention](#)' to support you to make an informed decision about joining this workshop.

If you wish to join this workshop as a stakeholder or health professional who works with people who are bereaved by suicide, please directly contact our Co-design Coordinator to express your interest: [bridget@rosesintheocean.com.au](mailto:bridget@rosesintheocean.com.au)

Do you have any questions?
